

Prof. Dr. Reinhard Conradt

Reinhard Conradt is a retired professor from RWTH Aachen University, Germany. He has been performing industry related research at Fraunhofer Institute of Silicate Science Würzburg, Germany for 6 years, then served for 10 years as lecturer and industry consultant in an emerging market of Asia (Thailand). For the past 20 years, he was full professor and Chair of Glass & Ceramic Composites at RWTH Aachen University, Germany. Since 2017, he is now a consultant with uniglassAC GmbH company.

His work has been committed to building bridges between science, especially chemistry, thermodynamics and kinetics, and industrial engineering. This comprises fundamental research as well as the design and evaluation of industrial campaigns.

Since 2015, he is president of the German Society of Glass Technology.

Diploma in Physics, Ph.D. in Physical Chemistry, Dr.Sc. (Habilitation) in Glass Science & Technology.

Industry Award of the German Society of Glass Technology 1986, Otto Schott Research Award 2001, W.E.S.

Turner Award of the International Commission on Glass ICG 2011, Fellow of the Society of Glass Technology 2017.
